

**2019 Virginia Biennial Church Planting Retreat at Camp Bethel
Saturday, October 12, 2019, 9am – 4pm (0.6 CEU credit)**

Title: **“NEW & RENEW: REVITALIZE, PLANT, GROW”**

Description:

We continually hope to renew the whole body of Christ. Some think church planting is the only way to go, while others are more concerned about church revitalization. It would be a mistake to believe we have to choose between church planting and renewing the church. So is there a middle ground?

Join us as to have a conversation and explore the importance of both church revitalization and new church starts, along with practical ideas to implement with congregations:

Topics include the following:

- **How the DNA of church planting aligns with the DNA of church renewal.**
- **Franchise and upgrade church. How does this impact us, and why is it essential to our congregations and district?**
- **Are you ready for revitalization? It's more than saying, "Yes."**
- **What are the “1 percent” and “2 percent” guidelines, and how do they heighten church outreach?**

Leader: **Stan Dueck**
Leadership/Personal Coach
Director, Organizational Leadership
