## **Spiritual Formation and Biblical Studies are at the center of CGI:**

Christian spiritual growth is the primary reason for the institute's existence. It is assumed that those men and women who would desire to attend classes at the institute's center will have experienced a spiritual rebirth. They must have already experienced a sense of God's calling them to faith in Jesus Christ, to baptism, and to active membership in a Church of the Brethren congregation. Similarly, it is assumed that a person who senses God's call to the ministry studies the Scriptures and has an established life of prayer. Still, the students who come to participate in the Christian Growth Institute are motivated by a desire to come to a deeper spirituality.

The Christian Growth Institute (CGI), certified by the Brethren Academy in February 2003 and recertified in July 2013, prepares and equips men and women to serve in the ministries of Church of the Brethren congregations and mission projects. CGI is intended for those students whose life circumstances may prevent them from participating in seminary or traditional ministry training programs.

## **BIBLICAL PERSPECTIVE**

Historically, the Bible and especially the New Testament have formed who the Brethren are and how the Brethren have become who they are. The Bible continues to shape us, our theology, our spiritual discipline, and our lifestyles. The following scripture passages reflect some of our beliefs about the Church, God, and our calling to serve by training others for ministerial leadership. This is by no means intended to be an exhaustive list. As the Christian Growth Institute grows under the leadership of the Holy Spirit, we may choose to add to this list.

- I Corinthians 12:27
- Ephesians 1:22-23
- I Corinthians 12:18
